The year is 1951 and **Ricky's Act** from the **Cope-With-Your-Banana's Club** has been booked on a luxurious Cruise Ship. Some new acts have been added for the show including: **Elvis, Lee Barachi, Tom Cruise**, and the comedy team of **Lewis and Clark**. Lucy is at her madcap best as she tries to sing and dance her way into the new show. She also wants to renew their wedding vows on the voyage, but Ricky won't agree to either one. She suddenly realizes her wedding ring and jewelry have been stolen.

Is there a cat burglar on board?.....With the help of Inspector **Jacque Clewsew**, the famous underwater detective, Ricky gets to the heart of the matter.....Maybe Ricky will have some "Splainin' to do" this time! Will he renew their wedding vows and find Lucy's Ring or will everything sink?

Get on the passenger's list to sail away with Lucy and Ricky on their **Bon Voyage**.
